Seilbåten Diva, en Baltic 46 var byggenummer 1 i Sommerschild-familiens eie fra 1973 til den ble solgt i 1976 til Onsager-familien som har meldt båten for deltagelse i Ocean Globe Race(Jorden rundt)'s 50 års jubileums regatta 2023/24

Anders Onsager beskriver sitt prosjekt slik:

Participating in Ocean Globe Race 2023/2024 and win!

" In the Spirit of the original 1973 Whitbread Race " Celebrating its 50th Anniversary. The OCEAN GLOBE RACE (OGR) is a fully crewed retro race in the spirit of the 1973 Whitbread Round the World Race to mark the 50th Anniversary of the original event. It's an eight-month adventure around the world for ordinary sailors on normal yachts. Racing ocean-going GRP production yachts designed before 1988, there will be no computers, no satellites, no GPS, and no high-tech materials. Sextants, team spirit and raw determination alone in the great traditions of ocean racing are allowed on this truly human endeavour. These will be real heroes pushing each other to the limit and beyond – in a real race!
